MEETING ABOUT POST OFFICE PROPOSAL

At Berean Baptist Church on ~~Wednesday~~, January 6, 1983 at 7:30 a open community meeting of concerned citizens and Post Office officals will be held in the Social Hall of the church. If you have questions about the wisdom of the Proposed New Post Office facility come out and ask them and offer your best suggestions and opinions.

Questions that come to mind are: Use of the tax dollars for a new facility rather than a renovation of the present one. If we can't afford new lights & electricity to illumine the outside of the present one, how can we afford a whole new unit? What will happen to Main Street and possible economic redevelopment if we vacate the present building? What are the politics which have resurrected this proposal made several years ago and received little if any support from any quarter of the political governmental sector of society?? Do some homework and come to the January 6th meeting at 7:30 p.m. at church.
